

Liberty Defense

INNOVATIVE & REVOLUTIONARY THREAT DETECTION

THERE IS A MARKET NEED

of Americans are concerned about a criminal attack causing physical harm¹

There have been over 1,800 mass shootings since 2015 in the USA. 283 have already occurred in 2019²

The weapons detection systems market is expected to grow from³:

FOUR MARKET VERTICALS

Public Venues

Transportation

Secured Buildings

Other

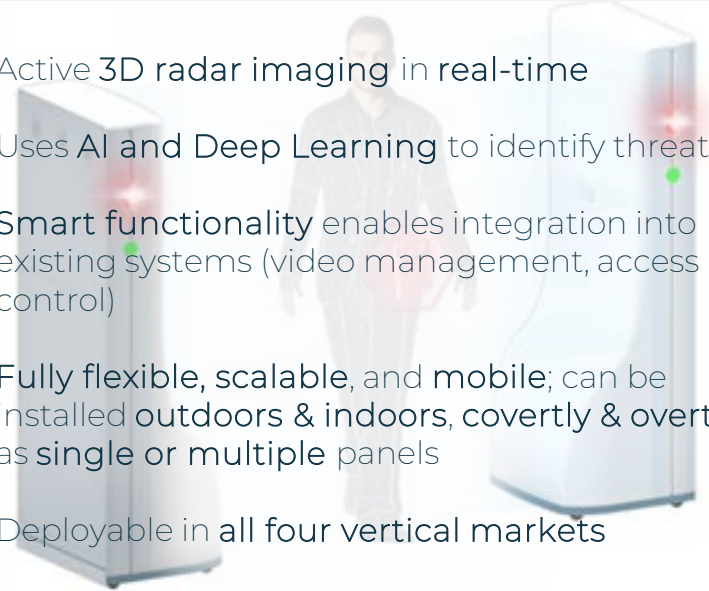

WE WOULD LIKE TO INTRODUCE

HEXWAVE

A threat detection system that identifies **metallic & non-metallic** objects, with real-time scanning, high throughput, and **no privacy concerns**

WHAT SETS HEXWAVE APART?

- Active 3D radar imaging in real-time
- Uses AI and Deep Learning to identify threats
- Smart functionality enables integration into existing systems (video management, access control)
- Fully flexible, scalable, and mobile; can be installed outdoors & indoors, covertly & overtly, as single or multiple panels
- Deployable in all four vertical markets

Liberty Defense is a new and emerging leader in security and threat detection solutions

MORE ON **LIBERTY DEFENSE**

Led by Bill Riker, Liberty's management team is comprised of leaders in the security industry, product development, technology and manufacturing.

To support this powerful team and further market validation, Liberty has a number of senior business leaders who act as advisors and provide unparalleled market access.

TECHNOLOGY

Utilizing a new disruptive technology under an exclusive global license from Massachusetts Institute of Technology (MIT), Liberty Defense is developing HEXWAVE

MARKET VALIDATION

Liberty's collaboration agreements include:

ROGERS ARENA

SLEIMAN

- ALPHA TESTING Q4 2019
- BETA TESTING Q4 2019 – Q1 2020
- PRODUCTION Q2 2020
- COMMERCIAL LAUNCH Q3 2020

**DEPLOYMENT
TIMELINE:**

COMPANY AT A **GLANCE**

TSXV: **SCAN**

Frankfurt: **LD2**

OTC: **LDDFF**

66.5m Common Shares Outstanding at **\$0.63****

CA\$32.2m
